

PREGNANCY ULTRASOUND INFORMATION

- **VISITORS:** ONE family member/ friend may join you AFTER the medical portion of your scan is complete, TIME PERMITTING AND AT THE DISCRETION of the sonographer.
- **FINDINGS:** Ultrasound findings (including fetal sex) are not discussed or disclosed by the technologist to the patient or companions. Findings will be included in the radiologist's final report.
- **GENDER (Baby's Sex):** Ultrasound is not always accurate in determining the sex therefore, there is a risk that the gender impression from your exam may not be correct. The exam will not be extended or repeated solely to determine fetal sex.
- **NO PHOTOS OR VIDEOS:** Please do not take photos or videos during your appointment. You may request image access through our front desk staff.

This policy follows the Canadian professional standards

(Sonography Canada, Health Canada, CAR/SOGC).
